Louise Gillot

What is your home country?

I'm from Belgium.

What made you decide to come to the United States?

I wanted to improve my English and discover the American high school experience.

What hobbies do you have

I play the flute, I also enjoy reading and traveling!

What new clubs/classes etc did you try out/ are new for you?

I joined drama club, which I had never done before. I also had some very interesting classes that are not available in Belgium, like piano lab, ceramics, pop music or criminal justice for example.

What are your favorite American foods?

All the ice cream flavors, especially cookies and cream ice cream sandwiches and also Mac and cheese!

What has been your favorite movie?

La La Land

What do you miss most about home?

The food, especially the fries and the bread!

What is your favorite memory from your time here?

Homecoming and going to New York City!

What will you do after this year?

I will study political science in the university of Liège, in Belgium.

Fabienne Walter

What is your home country?

I'm from Germany.

What made you decide to come to the United States?

One of my main reasons was to improve my English language skills. I also wanted to learn about American culture and experience a high school year with all the traditions including homecoming and prom.

What hobbies do you have?

I am part of the Health organization German Red Cross (equal to American Red Cross) as a volunteer paramedic and I like hanging out with my friends. My other hobbies are going to the gym, reading, cooking and baking

What new clubs/classes etc did you try out/ are new for you?

Actually my motto for this year was to try out as much new things as possible. So therefore I tried the classes Social Justice & Teens, Psychology, Forensics and Criminal Justice which are all so fun and don't exist in German schools. German schools also don't have any clubs, so I tried to be in as much clubs as possible like Dance Club, Winter Trek, Culture Club, Girls Up Club, Yearbook Club and I really want to try out a spring sport

What are your favorite American foods?

I am in love with peanut butter.

What has been your favorite movie?

My favorite movie right now is Identity. But I like shows more than movies.

What do you miss most about home?

I really miss the food, especially pretzels or just the traditional German dishes.

What is your favorite memory from your time here?

For me, every day is so exciting and special because everyday I experience or learn something new. If I had to decide, I'd say the trips to New York City and Washington DC. But my special memory is the first time I walked at the beach and watched an amazing sunset.

What will you do after this year?

In Germany, you have 13 years of school in order to graduate and because you have to be present in classes 12 and 13, I have to go back and finish the last two years.

TRADITION

Junior Day is a valued tradition. It is the last official day of school for seniors prior to their graduation. It is a rite of passage for juniors who will be symbolically taking on the roles of leadership once held by seniors. The passing on of the responsibilities of being a "senior" is symbolized in a ceremony wherein the senior class president takes off the mantle of leadership and passes it on to the junior class president.

"It is not the critic who counts; not the man who points out how the strong man stumbles, or where the doer of deeds could have done them better. The credit belongs to the man who is actually in the arena, whose face is marred by dust and sweat and blood; who strives valiantly; who errs, who comes short again and again, because there is no effort without error and shortcoming; but who does actually strive to do the deeds; who knows great enthusiasms, the great devotions; who spends himself in a worthy cause; who at the best knows in the end the triumph of high achievement, and who at the worst, if he fails, at least fails while daring greatly, so that his place shall never be with those cold and timid souls who neither know victory nor defeat."

NOTEWORTHY

Our sister school: **SHIMIZU HIGH SCHOOL**

October, Fairhaven High School welcomed six students along with a representative delegation from Shimizu High School, located in Sashimizu, Japan. This year the Whitfield-Manjiro Friendship Society hosted the annual Manjiro Festival honoring Manjiro Nakahama's connection to Fairhaven, our continuing friendship and the cultural exchange between our countries. FHS students enthusiastically welcomed the Shimizu students; volunteering together at the Manjiro Festival, introducing them to our historic town sites, touring our beautiful school building, and most importantly making new friendships.

Our dedicated **ALUMNI ASSOCIATION**

In the spring of 2023, the Alumni Association placed the 60 year old beige curtains in the Knipe Auditorium with new navy blue curtains, with the FHS logo on the valance.

In the summer of 2023, the Alumni Association funded the replacement of the plate glass on the five 118 year old oak tables in the Battaini Library, which is now used as Señora Pimental's Classroom.

Thank you to the Alumni Association!

THE HUTTLESTONIAN YEARBOOK CLUB

Adviser: Dr. Stephen Boucher

The Huttlestonian Yearbook is a student publication. The Yearbook Club met every Tuesday morning and/or afternoon throughout the 2023-2024 school year in room 108M, a classroom that is often regarded as one of the most beautiful classrooms in the school.

We are proud to present the this yearbook to our school and to the community at large.

A MESSAGE FROM THE EDITOR:

Dear class of 2024:

It was such an honor to be a part of gathering our memories from this unforgettable year. Over the past 4 years we have all grown so much together. From wearing masks and staying home, to being in school half time, returning to school full time, and now to graduating. As we all go off to college, or work, or whatever you may do I hope each and every one of you can look back at this book and remember something that makes you smile. I am so proud to be a part of such an amazing class and so grateful to have all of our best moments captured in these pages.

Good luck to everyone on their post high school journey!

BYE-BYE DYE

California became the first state to ban four ingredients commonly found in highly-processed foods and linked to cancer, reproductive problems, and hyperactivity. Red Dye No. 3; brominated vegetable oil used in some sodas; potassium bromate, used in tortillas, pastries, and breads; and the preservative propylparaben will be banned starting in 2027.

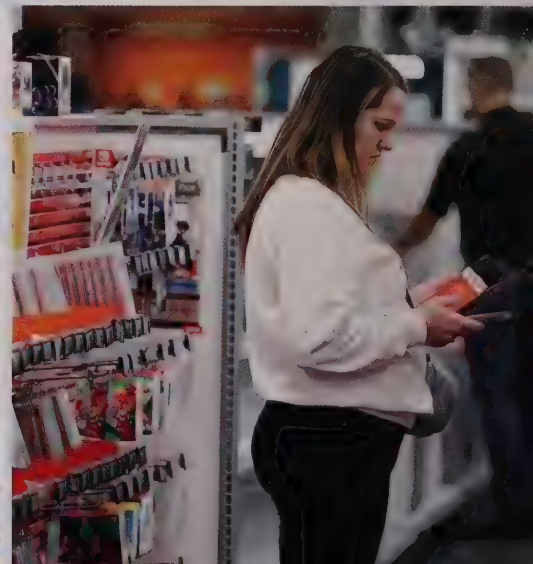

SMOKE SIGNALS

The last two weeks of June 2023 saw more than 500 wildfires raging in Canada, resulting in smoke blanketing New York, Pennsylvania, Michigan, and Ohio. Outdoor sporting events, festivals, and concerts were canceled or delayed, and many used face masks outdoors.

STRIKE THAT

Striking unions impacted productivity from Hollywood to Detroit, as movie, television, and automobile workers ceased working. On September 25, 2023, after 146 days on strike, the Writers Guild of America struck a deal that included wage increases and restrictions on outsourcing writing to artificial intelligence. After six weeks on strike, more than 40,000 United Auto Workers members returned to the line in late October 2023 in a deal that included wage increases.

FOR THE BIRDS

In November 2023, the American Ornithological Society announced its decision to rename 150 North American birds previously named for people. The Society resolved to name birds for their appearance or natural environment in an effort to disassociate the birds from the colonial explorers who documented their existence.

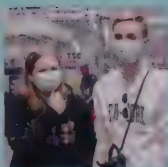

WAR IN UKRAINE

After almost two years of fighting, Ukrainian President Volodymyr Zelenskyy continued to build alliances with multiple countries that supported Ukrainians fighting Russia's invasion. The United States directed more than \$75 billion in assistance to Ukraine in humanitarian, financial, and military support in the war for Ukrainian independence.

DVD DONE

With online streaming taking over the entertainment industry, Netflix announced in September 2023, that it would end its DVD-by-mail service that started making movie rentals easier in 1998. In October 2023, Best Buy announced that it would stop selling DVDs and Blu-ray discs by the end of the year to make more space for other items.

PRESIDENTIAL CANDIDATES

One year before the 2024 presidential election, the Democratic Party locked in its candidate with incumbent President Joe Biden. Republicans whittled the field down to two candidates after Mike Pence, Tim Scott, Chris Christie, Vivek Ramaswamy and Ron DeSantis bowed out. Remaining candidates heading into South Carolina's primary elections were former UN Ambassador Nikki Haley and former President Donald Trump. Polls following the December 2023 Republican debate showed 64% of Republicans favored Trump despite him not participating in debates.

ISRAEL DECLARES WAR

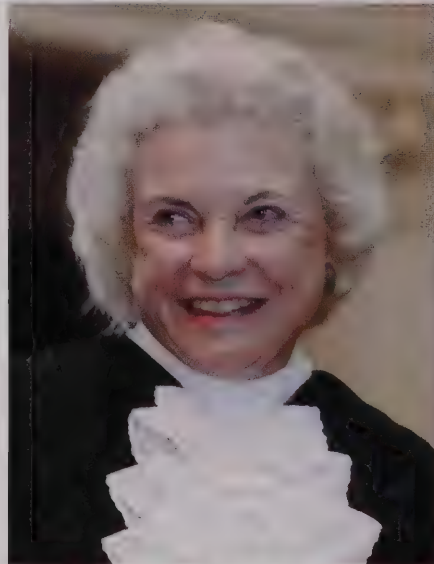

On October 7, 2023, a Jewish holy day and the Sabbath, Hamas forces in the Gaza Strip invaded and attacked Israel, leading to the death of more than 1,200 Jewish civilians, injuring 3,000, and taking more than 240 people — men, women, elderly, and children — hostage.

On October 8, 2023, Israel declared war on Hamas, and within days it began its air strikes and ground offensives in the Gaza Strip.

Humanitarian agencies worldwide pleaded for a cease-fire and aid for civilians after a month of assaults on Gaza resulted in Palestinian deaths. More than 100 hostages held in the Gaza Strip have been released.

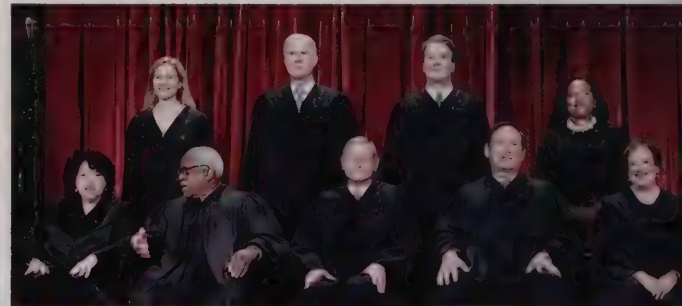

SUPREME PIONEER

The first female Supreme Court justice, Sandra Day O'Connor, died on December 1, 2023, at the age of 93. O'Connor was appointed by President Ronald Reagan in 1981 and was the first woman on the highest court in the United States since its inception almost 200 years before. She championed moderate social conservatism and smaller government.

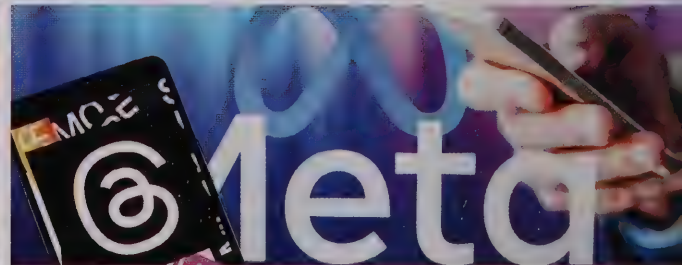

ADMISSION DECISION

On June 29, 2023, the U.S. Supreme Court reversed its ruling on affirmative action in college and university admissions, mandating that admissions criteria must be colorblind. The application process of two elite institutions, Harvard and the University of North Carolina, were examined for considering race as one of many factors in evaluating qualified applicants.

SPEAK OUT

After Speaker of the House Kevin McCarthy, struck a deal with Democrats to avert a government shutdown, Representative Matt Gaetz led the vote to oust McCarthy from his speakership in a historic first-of-its-kind moment. After 22 days without a speaker, Republican Representative Mike Johnson was voted in as the 56th speaker of the House on October 25, 2023.

COMMON THREADS

When Meta's new social media platform, Threads, made its debut in July 2023 by posting a link on Instagram, 100 million people joined within the first five days. Its success was attributed to its promise to be friendlier than X (formerly Twitter) and easier to share across multiple platforms. But within six weeks, users dwindled to 10 million, and celebrity posts quickly faded.

DOORDASH CASH

DoorDash, the delivery app that hired independent contractors, called "dashers," announced in November 2023 not tipping for deliveries could cause longer wait times for orders. Although the company paid its drivers between \$2 and \$10 per delivery, dashers could choose which deliveries to take and were quicker to choose those with tips.

SHELTER STRUGGLE

With more than 116,000 migrants arriving in New York City since April 2022, and more than 19,000 migrants arriving in Chicago since August 2022, the two sanctuary cities struggled to provide shelter and care for people being bussed from the southern border.

LEARNING CURVE

Nearly two years after most American schools returned to in-person learning and traditional school-day schedules, home-schooling will still on the rise in the U.S. With 4.3 million children learning at home, public schools saw a 4% drop in enrollment, while home-schooled students increased by 51% over the past six years, and private schools saw a 7% increase in enrollment.

STUCK IN THE MUD

After 0.8 inches of rain in just 24 hours pelted the Burning Man Festival in the Nevada Black Rock Desert on September 2, 2023, a sloppy mess trapped nearly 80,000 activists, artists, and musicians as more than a foot of mud closed roads. Stuck partygoers conserved food and supplies without working toilets.

Electric bikes, known as e-bikes, grew in popularity in 2023, with many exceeding 20 miles per hour, which is the legal limit for teens in most states. As e-bike accidents increased among youths, concerns rose about the bikes being too fast for sidewalks and too slow for street traffic, as well as dangerous for young riders who had less road and driving experience.

Forward A'ja Wilson scored 24 points and 16 rebounds.

NEW WITH THE NEW

The International Olympic Committee approved four new sports that applied to women to be included in the 2028 Paris Summer Paralympics: Breaking, sport climbing, flag football, and swimming. The new games had a shared goal of being gender-neutral, with a focus on promoting movements and games to be played from a woman's point of view and to be popularized in the 1990s.

SEEING RED

The mascots for the 2024 Olympics and Paralympics made their debut in November 2023, and people asked, "What are they?" The mascots were red hats — Phrygian hats — that symbolized revolution, freedom, and striving. In previous Olympics, the two mascots were distinctly different characters. But the Phryges symbolized that we are all alike, with the Paralympic Phryge sporting a racing blade but otherwise a carbon copy of the Olympic Phryge.

LAUGH IT UP

"Laughing out loud" (lol) was cool in the 1980s. Then came "rolling on the floor laughing" (ROFL), and then emojis took the world by storm starting in 2011. But 2023 saw the popularization of a new acronym: IJBOL (pronounced "eej-bowl"), which stands for, "I just burst out laughing." The expression elicits laughter at untimely moments.

PLAY FAIR

Epic Games, the makers of the popular online video game Fortnite, were directed in September 2023, to pay Fortnite players \$520 million in refunds for deceptive practices that lured people to buy items like costumes and dance moves for gameplay. The company was also found to make it easy for kids under 13 to use their parents' credit cards without consent.

NOW IN STYLE

After falling out of style in the 1990s, permed hair, especially for men, made a comeback. A combination of popular TikTok influencers using the hashtag "perm" and K-pop stars like BTS brought back the hairstyle, now being called "new wave."

Birkenstocks, long associated with hippies and casual comfort, collaborated with haute couture fashion houses and produced sleeker styles. And Crocs stepped it up with Shrek Crocs and Crocs cowboy boots.
